Valentina's Galaxy

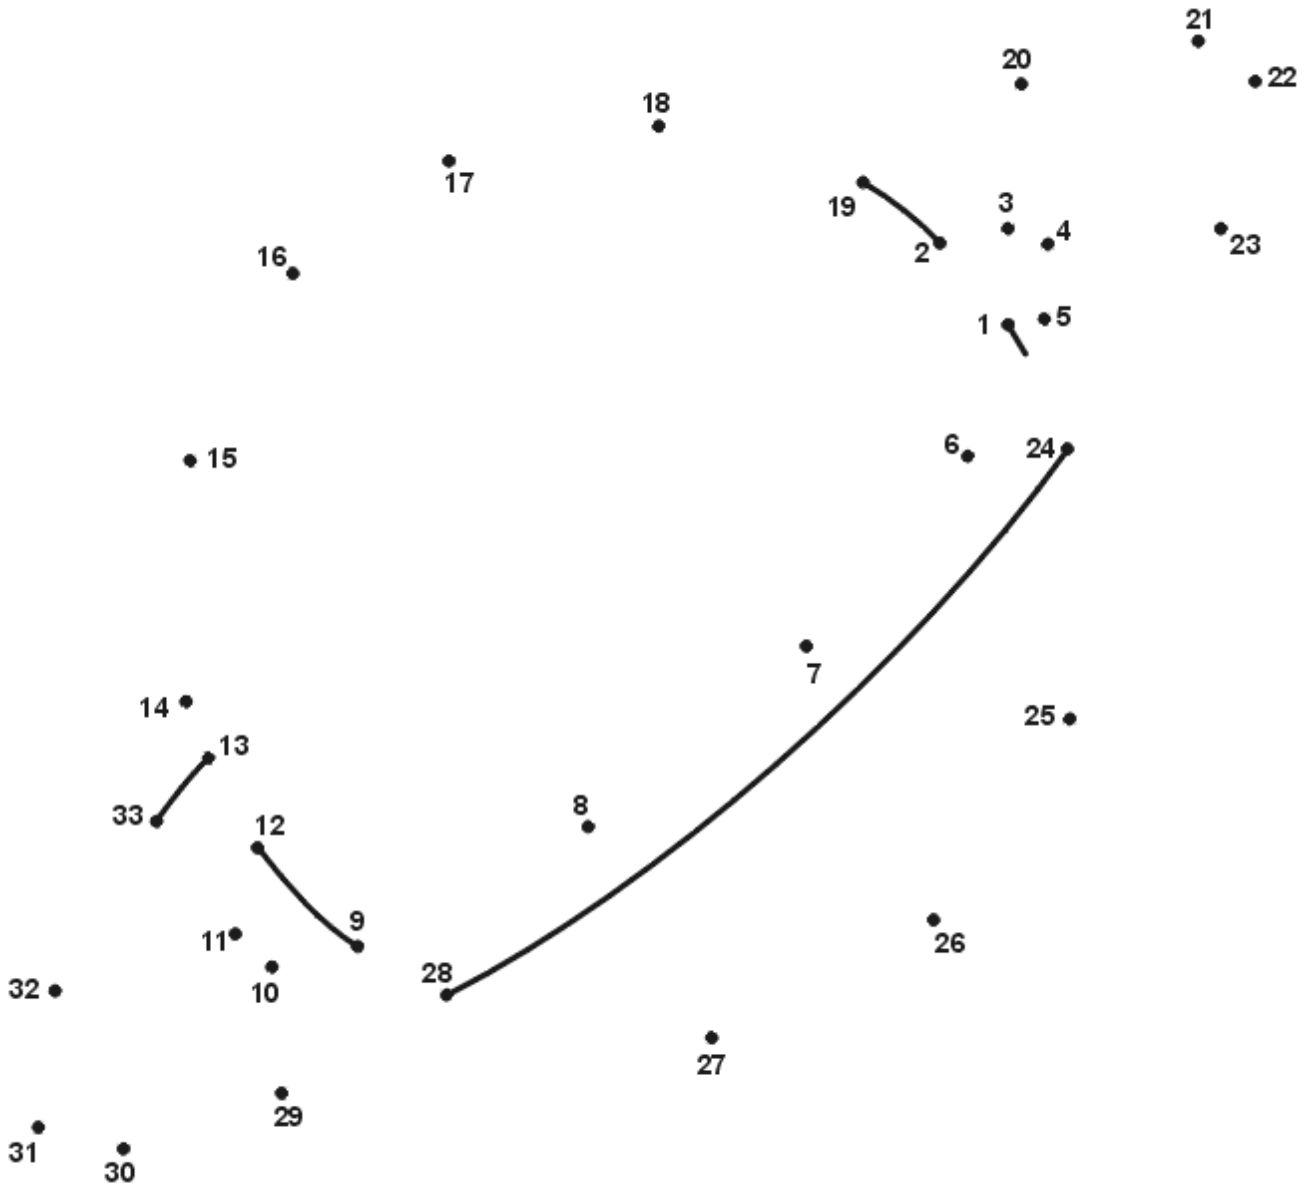

Dear North Wall Explorers,

Are you ready for an adventure in Valentina's Galaxy? Click [here](#) to watch the video. When you have watched the whole video, we have some fun activities for you to do in this pack!

From Owlbert and Norris

1) Can you connect the dots? What will it make?

2) Facts about Valentina Terashkova!

Can you find the right answers to the right questions?

Where was Valentina born?

March 6th

When is Valentina's birthday?

Russia

What was the name of the rocket
that Valentina first flew into space in?

48

What year did Valentina first fly into space?

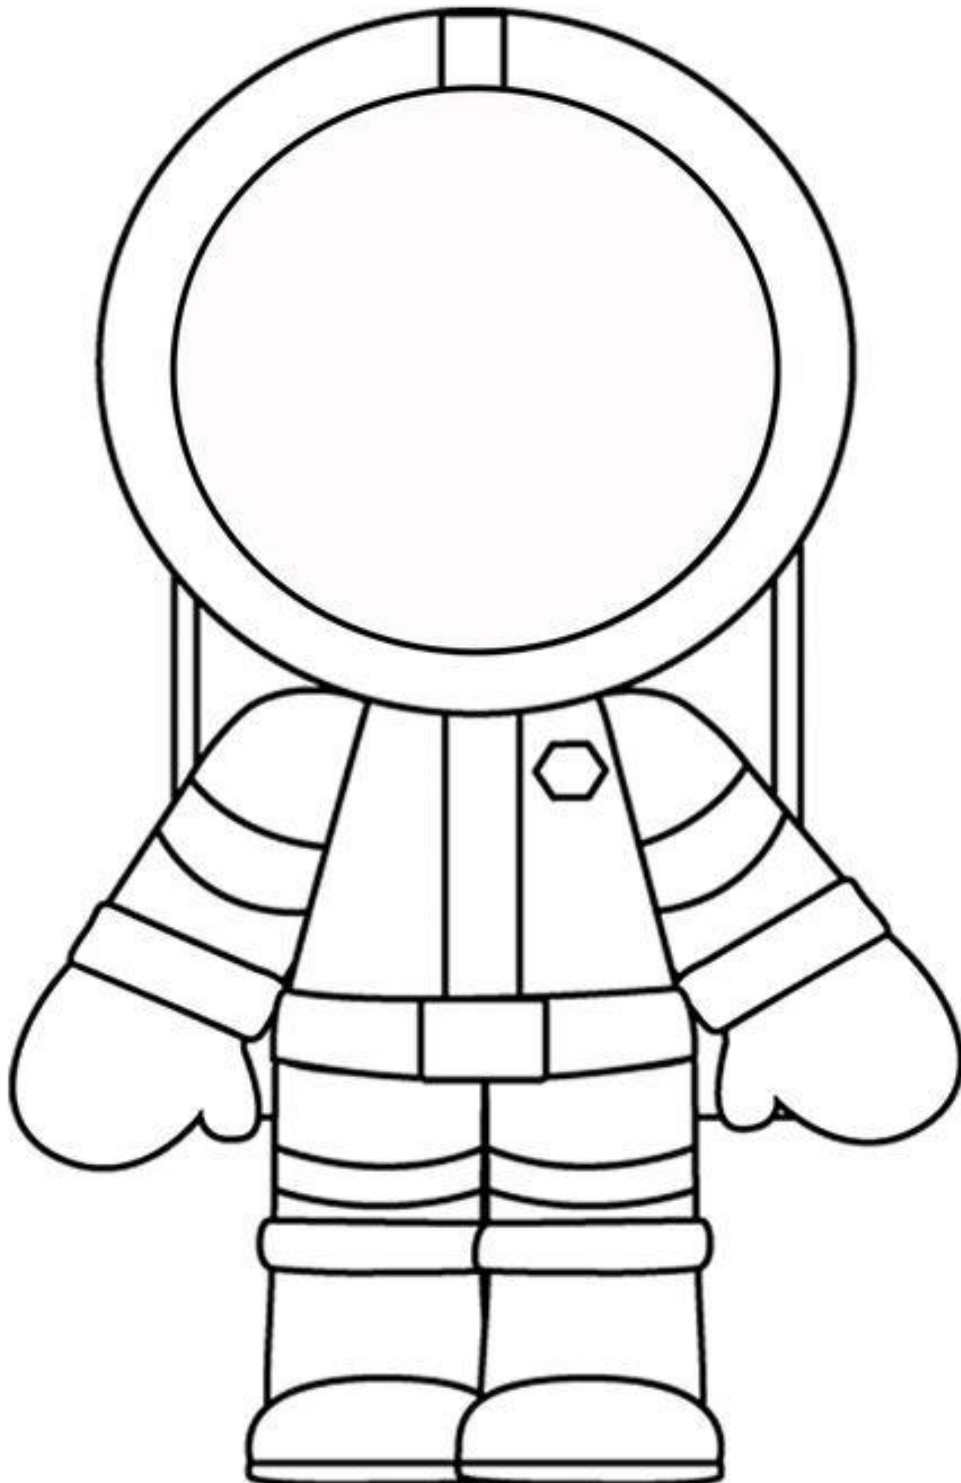

Vostock 6

How many times did Vostock 6 orbit the Earth?

1963

3) Can you colour this COSMONAUT in?

4) Make a moon!

You will need:

- A paper plate
- A piece of tin foil
- Yellow card
- Some string

- 1) Wrap your paper plate in tin foil
- 2) Draw three stars on the yellow card and cut them out
- 3) Use a hole punch to put three holes in the bottom of the moon and one hole in the top of the moon
- 4) Cut three pieces of string (between 8 – 12cm)
- 5) Tie each piece of string through one hole in the bottom and then tie a star to the other end of the bottom
- 6) Cut a longer piece of string to tie from the top hole
- 7) Find a nice place in your home to hang it!
